FUNDING AND INVOICING

All these courses are funded through the new Department of Health and Social Care, Adult Social Care Training and Development Fund.

This new fund is replacing the Workforce Development Fund that we have been working with for the last decade, and will be paid directly to employers via a new online portal.

We will invoice you the same amount as the funding claim value of the course and send you all the information and certificate evidence you need to make a claim when your learner completes. Please note that you will need to give the DoHSC funding portal evidence of having paid our invoice in order to claim your funding back.

Social Works Ltd use Lloyds Invoice Financing to factor our invoices and when we invoice, they will be in touch to explain how they work.

Please note: We cannot be held liable for any funding or application changes made with respect to the DoHSC Adult Social Care Training and Development Fund. All information above is correct at time of writing.

*To access the Adult Social Care Training and Development Fund you will need to engage with the ASC Workforce Data Set (previously known as the NMDS-SC) and agree to the Terms and Conditions of the Fund.
