### **FUNDING AND INVOICING**

#### **For WDF funded management courses:**

- Please complete our online declaration regarding your eligibility for WDF funding.
- When your learner completes their training, we will claim the funding directly from Skills for Care with no need to invoice you.

#### **For all other WDF funded courses**

- Please complete our online declaration regarding your eligibility for WDF funding.
- Skills for Care will only pay WDF funds to us directly for Endorsed Management courses. For all other WDF training, when a learner completes their training, we will send all the necessary claims info to you and/or your local Workforce Development Fund (WDF) partnership.
- We will invoice you at the same time for the same amount as the claim value.
- Skills for Care then pay the partnership, who in turn pays your organisation (or SfC will pay you directly if you are claiming WDF directly from them). Normally you will have had the money from Skills for Care via your partnership before you need to pay our invoice within our 40-day terms.
- Social Works Ltd use Lloyds Invoice Financing to factor our invoices and when we invoice, they will be in touch to explain how they work.
- Please note: We cannot be held liable for any funding changes made with respect to the Workforce Development Fund by Skills for Care.
- All information above is correct at time of writing.

\*To access Skills for Care Workforce Development Funding you will need to engage with the ASC Workforce Data Set (previously known as the NMDS-SC) and join a local employer partnership.

\*\*Please note the 4 days funded training covers all the Care Certificate Knowledge Standards except Basic Life Support, which employers normally do in-house.
